STRENGTHS

⭐ **Leadership & Collaboration**

Strong in leadership, collaboration, and problem-solving.

🪄 **Threat Management Skills**

Skilled in vulnerability management and threat management.

🧠 **Cybersecurity Tools Proficiency**

Proficient in various cybersecurity tools and techniques.

SKILLS

Burp Suite	VAPT	C/C++
Github	Threat Management	IAM
Hardening	Nmap	Metasploit
KaliLinux	Win/Macos	Leadership
Critical Thinking	Team Work	

PROJECTS

Personal Cybersecurity Projects

📅 01/2021 - Present

Various personal projects related to cybersecurity and tools development.

- Developed a personal security checklist.
- Created tools for steganography.
- Built a port scanner.
- Designed a password strength meter.
- Developed a simple encryption/decryption tool.

PASSIONS

🧠 **Hobbies**

Enjoys gaming, listening to music, and exploring IoT.

⚡ **Interests**

Surfs the dark web and enjoys bike riding.
